

## CREC CREDIT APPLICATION

Please fill out this application if you or a group you represent would like to apply for CRECs (Continuing Research Education Credits) to maintain your CREC program certification. This application is for educational and training programs that are not listed as approved on the CWRU CREC website. CRECs are not necessarily comparable to other education programs such as CEUs or CMEs. Education and training activities must involve the ethics of human subject protections in research. General research ethics programs or seminars concerning the "scientific-side" of human subject research do not meet the regulatory requirements. CRECs are awarded based on content and time spent.
